11. Except where an adjournment is made with the consent of all parties or where, from insufficiency of notice, a party has not had reasonable time to prepare himself for trial, or where the adjournment is necessitated by a cause beyond the control of the party, an adjournment should not be granted save on the condition that the party applying pays all costs of the day, including a reasonable fee to the legal practitioner engaged by his adversary. RELAXATION OF EXPORT PROHIBITIONS

The Board of Trade announce that, as from to-day, the following goods have been removed from List "A" of Prohibited Exports :—

| | |
|---|---|

IMPORT AND EXPORT LICENCES.

The Board of Trade announce that the Export License Department has now removed from 1, Queen Anne's Gate Buildings, S.W.1 and has been amalgamated with the Department of Import Restrictions at 24, Carlisle Place, S.W.1. The combined Department will be under the charge of the Assistant Secretary, Industries and Manufactures Department, Board of Trade.

Applications for licences in respect of all commodities (with the exceptions stated below) and all enquiries relating thereto, should be addressed to the Director Imports and Exports (Mercantile Section), Board of Trade, 24, Carlisle Place, S.W.1. (T. N. 8173 Victoria).

Applications for licences for the import of Dyestuffs should be addressed as hitherto to the Secretary, Trade and Licensing Sub-Committee, Dunlop Buildings, Spring Gardens, Manchester, for licences for the *Export* of coal to the Controller, Coal Mines Department, Holborn Viaduct Hotel, (E.C.) 1.

IMPORT OF GERMAN DYESTUFFS.

The Board of Trade desire to notify Consumers of Dyestuffs that the first instalment of colours which are being obtained from Germany under the Reparation Clauses in the Peace Treaty will shortly be received and will be followed at intervals by further quantities.

It is proposed that distribution should be effected as soon as possible after the arrival of each consignment. For the purpose of making this distribution the information already supplied by the Colour Users' Association and the National Federation of Paint Colour and Varnish Manufacturers as to the probable requirements of their members for dyestuffs during the next six months, will be utilised as a basis. In order that this information may be extended so as to cover the whole of the requirements of the Colour Using Industry of the United Kingdom, it is desirable that any actual consumer of colour who is not a member of the Colour Users' Association or the National Federation of Paint Colour and Varnish Manufacturers and consequently has not submitted any return to either of these bodies should immediately forward to the Board of Trade Industries and Manufactures Department, Great George Street, S.W. 1, information on the following points, namely :—

(a) The quantity of each particular brand or dyestuff estimated to be required during the next six months and which is not likely to be available in sufficient quantity from either British, Allied or Neutral sources of supply.

(b) The approximate consumption during the year 1913 of each of these colours.

NOTE.—The dyestuffs required should, as far as possible, be classified under the following headings :—

Direct cotton colours, azoic colours, acid wool colours, chrome and mordant colours, basic colours, sulphide colours, vat colours, oil spirit and wax colours, intermediate products, and the names given should be the usual trade denominations so as to render them easily identifiable.

As it is probable that the quantities which will become available under these arrangements will not be adequate to meet the whole of the requirements of consumers, the Trade and Licencing Sub-Committee will be prepared to consider applications from actual consumers for additional quantities not coming under the Reparation arrangements it being understood that any permission granted for the import of such additional quantities will be on condition that any arrangements for the purchase and import will be made by the Central Importing Agency in accordance with the notice in the "Board of Trade Journal" of 26th June 1919.

*N.B.*—Should the number of candidates who have applied to be examined at any one of the above centres for short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be so, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 15th January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such in subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by the Director of Public Instruction, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

*N.B.*—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in any of their pupils coming up for any of the Technical Examinations.

8. All pupils coming up from the same institution must select the same centre, and the application of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st January, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and

qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from Technical Schools, the Commissioner will be compelled to recommend to the Director of Public Instruction, the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *After, on the outside of each roll for each subject, each candidate should enter the following particulars in ink:—*

(1) Name of candidate.
(2) Place of examination.
(3) Subject.
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st January, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mufassal should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Hon'ble the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post office (Madras), and not to the Collector of Madras.

*N.B.*—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

| | Elementary. | Intermediate. | Advanced |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| For each subject .. .. .. .. | 3 | 5 | 10 |

*N.B.*—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's office on or before the 31st January. *On no account will the fee be received in the Commissioner's office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. The latter list should be presented at the Office along with the applications of the candidates. The necessary forms for the purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, arithmetics, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,

Cathedral Post Office (Madras).

*N.B.*—*Candidates are advised to assure themselves that their applications have been received should* enclose an *addressed post card in their respective applications.* The post cards should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names and their house or use *distinctly* and *in full* in their applications and give their *addresses in full* also; if 'Other Hindus' they should state in column 8 of their applications whether they are "Non Brahman Caste Hindus," or "Panchamas." Applications defective in any particular will be returned.

NOTE.—*The occupation or profession of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.*

16. *The fees paid will, in no case whatsoever, be refunded, nor will it be entered for a subsequent examination. Neither will any excuse for that entry have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the written, or the oral and practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary), where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. Subject to any change that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of time and subjects shown in the following table, beginning each day at 10 o'clock in the forenoon and 2 o'clock in the afternoon except in the case of examinations on the 21st and 22nd April for which the arrangement is different as shown in the time-table. *Candidates will not be allowed to come up to more than one of the subjects included in the for the same time on the same day, or for more than one grade of examination in the same subject in the same year.*

## EXAMINATION FOR THE GRANT OF CERTIFICATES OF COMPETENCY TO ELECTRIC WIREMEN.

Results of the examination for the grant of certificates of competency to electric wiremen held on the 21st November 1919 at the Government Trades School, Madras:—

Of the thirteen candidates that appeared for the examination, only one candidate—T. N Kadiavelu Pillai of South Indian Railway Workshops, Negapatnam—has passed; the rest have failed; but those that appeared for the first time and failed in this examination will be permitted to appear at the next examination to be held in May 1920 without payment of a further fee and the others will be charged half the usual fee—Rs. 7-8-0 for each candidate.

### EXAMINERS' REPORT.

Thirteen candidates appeared; all were set to make a T joint in 7/18 and as a result of this test eleven candidates were rejected. As in the previous examination the majority had obviously received no training and went about the job in a slow crude and unworkmanlike manner. The defects were:—

(1) Insufficient cutting back of braiding.
(2) Poor cleaning; some made no attempt at all to clean the insides of the main cable to which the T piece was attached.
(3) Twisting fairly well executed.
(4) Soldering was the *Pièce Maîtresse* of the test.
The commonest fault was the burning of the insulation.
The majority in between spoonfuls of solder let the joint cool which result in stalactites and lumps of solder.
Several men did not know when to stop pouring solder or perhaps failed to realize when the joint was soldered.
(5) Taping.—Only a few men put any tension on the rubber tape.
The majority did not carry the rubber tape over the ends of the insulation.
Many left gaps in the rubber tape and left the conductors not fully covered.
Unevenly laid on and untidily finished.
(6) Time.—The time taken was decidedly excessive making ample allowance for the fact that there were only two solder pots available.

Both the candidates who passed in jointing were given other tests, one was declared to have passed.
